

bproauto radiators

Keep engines cool and resist pressure!

bproauto® delivers competitively priced, O.E.-backed radiators that **meet O.E. performance standards** to ensure a longer service life and lasting performance. They are **dual leak tested** to reduce the failure rate and **come with the bproauto warranty***.

Reliable and O.E. backed.

Built to specific O.E. structural designs

- **Thermal expansion cutting design:**
Helps extend the service life and reduce failure rate
- **Fin hardness reinforcement design:**
Edge folding increases strength and improves the appearance and quality

- **Factory-strengthened rib designs:**
Enhance strength and durability
- **Dual leakage testing:**
During oil cooler processing and after crimping

Partner with bproauto parts to provide your customers with a secure driving experience.
